5th Generation Product Data Sheet

Product Code:

## **5110XXXX**

Please note the last four digits denote the specific aperture type and lid colour.

Our Sharpsafe containers are specifically designed to enable the safe disposal of clinical sharps and minimise the risk of associated injuries.

Our 7L is designed for low to medium use areas and ideal for acute and community settings.

Available with different colour lids for easily identifiable waste segregation. Products come with a range of compatible accessories for increased stability, security and safety.

Sharpsafe's new 5th Generation containers launched in 2022 and were the world's first full range of sustainable single use sharps containers. Engineered using low carbon footprint recycled material showing our commitment to championing change.
